

This is a plea from your PTA-Friends of Langtoft School.

We are in danger of folding as a group.

We only have 5 active members. The Chair is also the Secretary.

Four of those have children in Y6 and one is a teacher.

By September we won't have enough members to have a committee.

Registered Charity No 1099046

The number of people match-funding has fallen dramatically. This is a great scheme whereby employees encourage you to support a charity and will give you an opportunity to match the profits we make for an event.

Projects are being cancelled as we don't have any volunteers with skills such as carpentry, installation, garden clearance. It's too expensive for us to get tradesman to do it.

The Summer Fete may not go ahead as we don't have enough people to organise this really popular event.

We have great volunteers but sadly that's not enough.

School funding is constantly being reduced without FOLS support your children will be missing out.

We are not raising enough funds to support the school.

Projects we have supported: iPads, School library (the books our children take home), climbing wall, playground canopies, outside gym equipment, theatre projects, theatre trips, music workshops, lighting, first aid courses, ice-creams for school trips, year books, school choir and so much more.

So what do we need....

More committee members. Please, if you can, give us some of your time. Remember more hands make light work. Ideally one parent from each year would be great. We are a great team and we promise you will enjoy making a difference for your children.

Check if your employer supports match-funding and get involved by letting us know.

If you can help or know someone who would help with specialist skills for projects like bike sheds, playground installations or ground clearance.

If you can't join the committee, ask us how you can volunteer at an event or give us some of your time to shape future projects and events.

If you can help contact us at Langtoftfols@gmail.com or our facebook page FOLS –Friends of Langtoft School – PLEASE!

Thank you.
