ENGLISH WRITING

Legal Framework

The Statutory Communication and Language (1) and Literacy (2) section of the Curriculum Guidance for the Foundation Stage (2017) and the content of the National Curriculum English Programmes of Study (Key Stages 1 and 2) form the roots of our English writing curriculum. From this statutory national documentation, our English writing curriculum has been devised, developed and personalised to our school community.

OUR INTENT FOR WRITING

We believe that language and English is fundamental to the overall development of the child and their access to the curriculum in all its aspects. We recognise that the acquisition of English, both spoken and written, will empower our pupils and provide the foundation for all future learning. The intent of our writing curriculum is to prepare the children for the future, both in education and in life. It is our aim to nurture a passion for expressing themselves in writing. Our curriculum, brought to life through rich and immersive texts, motivates them to write with enthusiasm. They are inspired to embrace new vocabulary and to apply it with flair in writing in all genres. We instil confidence to draw on their knowledge and skills in writing across the curriculum, enabling them to write fluently, communicating their ideas and emotions. We believe that our children learn best when given the opportunity to apply their skills across the entire curriculum in rich and varied ways. We aim to develop pupils' abilities within an integrated programme of different English elements: phonics, reading, writing, grammar, punctuation, spelling, handwriting and oracy. Throughout their time in our school, all children will be supported and encouraged to achieve their personal best. We therefore recognise that children with additional and different needs should receive an adapted curriculum and be given additional support if required so that they may achieve their full learning potential.

We aim for all writers to be able to:

- Write with **confidence**, fluency and understanding, orchestrating a range of **independent** strategies to self-monitor, reflect and correct;
- Understand a range of text types and genres and be adaptable when writing in a variety of styles and forms appropriate to the audience;
- Have an interest in words, their meanings; develop a growing and diverse vocabulary in written form and show **ambition** in its use;
- Understand grammar and linguistic conventions for writing and demonstrate **resilience** when using these;
- Have a suitable technical vocabulary to articulate their responses demonstrating **respect** and **consideration** in their assertions

Ambition ~ Independence ~ Cooperation ~ Consideration ~ Confidence ~ Resilience ~ Respect

Examples of Curriculum Intent

High aspirations:

- High standards of expectations across all areas of English learning.
- High quality, challenging, diverse texts are chosen as a basis for all writing, including classic and modern.
- Questioning throughout the lesson that extend knowledge and provokes thought.
- Encourage children to embrace challenge, question themselves and enjoy working hard

Cultural experiences and enrichment:

- Author visits/workshops
- Themed writing days/weeks
- Writing opportunities and publishing of writing for local community

British Values:

- Range of texts from different cultures and beliefs through text-based writing, within our library and in free-choice reading areas
- Resources provided for all abilities
- Staff and pupil voice
- Team and group work
- Not afraid to make mistakes in class culture

Daily Implementation of English

- Across the school, from Reception to Year 6, all pupils take part in text-based writing: a well-planned text-led learning journey.
- Children are exposed to high-quality, challenging texts that inspire writing and further reading.
- Consistent teaching sequence including investigation of the features of a text, planning, writing and editing.
- Working walls in every classroom are focused on text-based writing. They include features of a text, planning, WAGOLLS and examples of editing. Each working wall will also have key vocabulary and SPAG displayed.
- Genre/Text specific vocabulary: Identified through the working walls and highlighted to the children at the beginning of and during lessons.
- EYFS: Reception children are given a secure grounding in the Prime Areas of learning, ensuring they have a good foundation on which to build through the specific areas, including Literacy. Areas of provision are enhanced to ensure vocabulary understanding and extension, and develop understanding of the world around them.
- Spelling, grammar, and punctuation is incorporated in all English lessons. The Nuffield Early Language Intervention programme is used to support children who come into school with less vocabulary than others.
- Teacher assessment is used to assess writing (using STA assessment guidelines whilst always considering the age-related expectations for each year group) and this is moderated in school and across the Cluster.

- Formative assessment is used in every lesson through verbal or written feedback in relation to the specific learning objective and on-the-spot marking.
- If a child has met the success criteria from the learning objective, the area of success is highlighted in the children's work.

PROGRESSION IN KNOWLEDGE AND SKILLS

Early Years:

- Hold a pencil effectively in preparation for fluent writing – using the tripod grip in almost all cases.
- Writing involves transcription (spelling and handwriting)
- Composition (articulating ideas and structuring them in speech, before writing).
- Write recognisable letters, most of which are correctly formed
- Spell words by identifying sounds in them and representing the sounds with a letter or letters
- Write simple phrases and sentences that can be read by others.
- Rhyming words and nursery rhymes

NARRATIVE

Purpose: to entertain

The purpose of narrative can be defined simply as to tell a story. However, that does not convey the many purposes of stories and the way that they work at different levels. The purpose of a narrator is to make the listener or reader respond in a particular way. Stories are written or told to entertain and enthral an audience. Stories can make us sad, horrify us, make us laugh, make us excited. They create imaginative worlds that can help us understand ourselves and the things around us and take us beyond our own experience. From the earliest times, stories have been a part of the way that people have explained their world, passed on their beliefs and memories and entertained one another. Narrative is central to learning, especially for young children who develop their understanding through making up stories about what has happened and what might happen. Children use narrative to organise their ideas, structure their thinking and, ultimately, their writing. Telling and writing stories is not simply a set of skills for children to learn, but an essential means for them to express themselves in creative and imaginative ways.
